NEW YEAR! NEW LOOK!

We welcome you to come visit us sometime in the new year to see our beautiful lavatory display. We have added new self-rimming, vessel and undermount styles, a total of 36 in all! With granite, glass and china lavatories on display you are sure to find the right one to meet your needs.

Q&A

Q: What makes your showroom unique?

A: We have a small to medium size showroom but have been able to maximize the space well giving our clients a wide array of products at differing price points to choose from without overwhelming them. Also, having staff that does not work on commission ensures that we have your best interests at heart.

“Standard Supply Co., Where the most important standard is YOU!”

Q: Why do you suggest appointments to come into the showroom?

A. Being able to provide you with excellent customer service is our top priority. Having clients schedule an appointment gives us a chance to prepare and not have multiple people waiting to be helped. As always though you are welcome to come in at any time and if when someone is available we will gladly assist you.

We are open Mon-Fri 8-4:30. If these times do not work for you please call us to see if we can do an evening or weekend appointment

THE BIG PICTURE

We want to be your first choice! If you have a question for us or comment on how we can better serve you, email Tina our showroom manager at tinas@standardsupplyco.com and she will get back to you in the next issue.

CHANGES IN 2014

Manufacturers have been working feverishly to comply with the new regulations for lead levels in drinking water system components.

At Standard Supply Co. we will not sell any product that does not comply with the new law and have taken all the necessary steps to ensure you do not receive any of the older product also.

THANK YOU!
