PRODUCT SPOTLIGHT

TOTO is an innovative, forward thinking company that we have had the pleasure of doing business with since 1998.

From new washlets that include e+water technology and new faucet designs TOTO is at the forefront in quality, design driven products that we have come to love and we are sure you will too!

The TOTO logo is displayed in a white rectangular box with a black border. The word "TOTO" is written in a bold, black, sans-serif font, followed by a registered trademark symbol (®).

OUR FIRST SHOWROOM NEWSLETTER

In an effort to keep in touch with our valued clients and in hopes of reaching new clients we decided it was time for a newsletter! We look forward to keeping you informed on all things related to decorative plumbing. As always we value your input so if there is something you would like included or want to be featured in our letter just let us know.

How we are bouncing back from a tough economy

(and I literally mean bouncing!)

This year has been up and down as I'm sure most of you can attest to. Luckily we seem to be on more of an uphill climb than a downhill slide. We have recently updated our showroom to add an ADA section complete with a walk-in tub and shower! We are also in the process of tripling the amount of lavatory sinks we have on display. Please come in and see all of these new exciting displays!

We have a new logo, are expanding to social media and have also updated our website this year. Visit us at either www.standardssupplyco.com or www.facebook.com/standardssupplyco. Behind the scenes we have added a few new employees to keep things flowing and provide you with the excellent service you've come to expect from us.

“Standard Supply Co., Where the most important standard is YOU!”

NEW TO US

We are now stocking Geberit in wall carrier systems for wall hung toilets. With a 10 year warranty on the carrier and ease of cleaning the floor around the bowl, you can't go wrong.

Several different bowl and flush actuator options allow you to pick something that is sure to complement the design of your bathroom.

TO LET IT FLOW OR NOT?

Water efficiency is a huge topic of discussion in the showroom when selecting faucets, shower heads, and toilets. Is my toilet going to flush well? Am I still going to have a good spray on my shower head? Why is it important to save water?

Rest assured we have many products that will flush excellent on 1.28 gallons, give you an satisfying shower, save you money and most importantly you can sleep well knowing you contributed to saving one of our most precious resources. WATER!

THANK YOU!

Thank you so much for giving us a reason to be here. We truly enjoy helping you in any way we can.

If you'd like to receive this newsletter electronically please email tinas@standardsupplyco.com and we will add you to the email list.
